Student feedback form on curriculum

Name of the Student	B. Bhavana
Name of the Department	Civil Engineering
Name of the course (B.Tech/M.Tech)	B.Tech
Academic Year	2020 – 2021

Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters.

Excellent (5)   Very Good (4) Good (3) Average (2)   Poor (1)

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.					✓
2	The allocation of the credits to the course is appropriate				✓	
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)					✓
4	The units in the syllabus are properly sequenced				✓	
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems					✓
6	Relevance of electives to the specialization chosen				✓	
7	Rate the electives offered in relation to the technological advancements.					✓
8	Rate the evaluation scheme designed for each of the course.				✓	
9	The course material is adequately available				✓	
10	Rate the percentage(%) of courses having lab components			✓		
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)				✓	
12	The entire syllabus was covered in the class by the teacher					✓

Academic Year	2019-2020

Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters.

Excellent (5) Very Good (4) Good (3) Average (2) Poor (1)

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.					✓
2	The allocation of the credits to the course is appropriate				✓	
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)				✓	
4	The units in the syllabus are properly sequenced					✓
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems				✓	
6	Relevance of electives to the specialization chosen					✓
7	Rate the electives offered in relation to the technological advancements.			✓		
8	Rate the evaluation scheme designed for each of the course.				✓	
9	The course material is adequately available				✓	
10	Rate the percentage(%) of courses having lab components				✓	
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)					✓
12	The entire syllabus was covered in the class by the teacher				✓	

Comments/Suggestions if any: To improve facilities for campus jobs.

Name of the Student	K. Karthana
Name of the Department	CIVIL Engineering
Name of the course (B.Tech/M.Tech)	B.Tech
Academic Year	2016 – 2017

Please give your valuable feedback on the curriculum to improve the quality of the programme.
Select your ranking on the scale 5 to 1 for each of the following parameters.

Excellent (5)   Very Good (4) Good (3)   Average (2)   Poor (1)

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.					✓
2	The allocation of the credits to the course is appropriate			✓	✓	
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)				✓	
4	The units in the syllabus are properly sequenced				✓	
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems				✓	
6	Relevance of electives to the specialization chosen					✓
7	Rate the electives offered in relation to the technological advancements.				✓	
8	Rate the evaluation scheme designed for each of the course.					✓
9	The course material is adequately available				✓	
10	Rate the percentage(%) of courses having lab components					✓
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)				✓	
12	The entire syllabus was covered in the class by the teacher				✓

Faculty Feedback form on Curriculum

This questionnaire is intended to collect information relating to your satisfaction towards the curriculum, teaching, learning and evaluation. Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters

Excellent (5)   **Very Good (4)**   **Good (3)**   **Average (2)**   **Poor (1)**

Name of the Faculty: K. Megana Reddy

Department: ECE   Designation: Assistant Professor

Experience: 9 years.   Academic Year : 2019-20 , I-sem

S. No.	Statement	Excellent	Very Good	Good	Average	Poor
1	Aims and objectives of the syllabi are well defined and clear to teachers and students.			✓		
2	Course content is followed by corresponding reference books/materials		✓			
3	The course has good balance between theory and application		✓			
4	The books prescribed/listed as reference materials are relevant, updated and appropriate.	✓				
5	I have the freedom to adopt new techniques/strategies of teaching to measure the learning outcomes		✓			

Any other comments/Suggestions: Need to include new technology courses like AI, ML etc

Employers feedback form on Curriculum

AITS, Kadapa is actively engaged to bridge any gap that may be present between the JNTUA, Ananthapuramu syllabus and the current industry standards. In this effort, we strive to make our students (your employees) 'industry ready' by the time they graduate and thereby, improving the standards of the program. Many graduates of our Department/ Institute are already working in your organization.We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. Your inputs and suggestions are very important to us, which make us serve your needs better. Select your ranking on the scale 5 to 1 for each of the following parameters.

Name of the Organization: Wissen Infotech Present Position: Software developer

. Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters.

a) **Excellent** b) **Very Good** c) **Good** d) **Average** e) **Poor**

S. No.	Statement	Excellent	Very Good	Good	Average	Poor
1	Rate the adequateness of the courses offered in the program		✓			
2	Rate the sufficiency of syllabus content to bridge the gap between academia and industry					
3	Rate the curriculum in relation to your current professional standards			✓		
4	Rate the skills acquired from the curriculum to face the industry challenges/requirements.		✓			
5	Rate the institute's laboratory and equipment adequateness for practical exposure	✓				
6	Rate the offering of electives in relation to technology advancements		✓			
7	Rate the design of the courses in terms of extra learning or self-learning		✓			
8	How do you rate the outcomes the students have achieved from the course?		✓			
9	Rate the competence and support offered by the teachers.	✓				
10	Rate the institute's support and contribution for the overall development of students.	✓				

11	How do you rate the transparency of the evaluation system in the department?		✓			
12	Which subjects in your B.Tech program curriculum were relevant to your current domain? C, language , power systems					
13	Which areas do you think could have been incorporated in the course curriculum in order to meet your current Industry/Research requirement? Python					
14	What should have been incorporated in the program curriculum to make you function effectively as an individual and as a member in diverse teams? * (Such as Soft skills, awareness on higher studies and competitive exams etc.) Competitive exams					
15	What should have been incorporated in the program curriculum to make you industry ready? * (Ex. coding skills, modern tool usage, team activities, knowledge on professional ethics, exposure to interdisciplinary fields) Team activities					

Comments/Suggestions if any: Need to increase industrial visits for real time experiments
