**Student feedback form on curriculum**

Name of the Student	B. Bhavana
Name of the Department	Civil Engineering
Name of the course (B.Tech/M.Tech)	B.Tech
Academic Year	2020-2021

Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters.

**Excellent (5) Very Good (4) Good (3) Average (2) Poor (1)**

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.					✓
2	The allocation of the credits to the course is appropriate				✓	
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)					✓
4	The units in the syllabus are properly sequenced				✓	
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems					✓
6	Relevance of electives to the specialization chosen				✓	
7	Rate the electives offered in relation to the technological advancements.					✓
8	Rate the evaluation scheme designed for each of the course.				✓	
9	The course material is adequately available				✓	
10	Rate the percentage(%) of courses having lab components			✓		
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)				✓	
12	The entire syllabus was covered in the class by the teacher					✓

Comments/Suggestions if any: — To improve facilities for competitive examination

Excellent (5) Very Good (4) Good (3) Average (2) Poor (1)

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.			✓		
2	The allocation of the credits to the course is appropriate					✓
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)			✓		
4	The units in the syllabus are properly sequenced					✓
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems			✓		
6	Relevance of electives to the specialization chosen				✓	
7	Rate the electives offered in relation to the technological advancements.				✓	
8	Rate the evaluation scheme designed for each of the course.				✓	
9	The course material is adequately available				✓	
10	Rate the percentage(%) of courses having lab components				✓	
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)				✓	
12	The entire syllabus was covered in the class by the teacher				✓	

Comments/Suggestions if any: To improve facilities for placement jobs.

Name of the Student	<u>M. Sushmitha</u>
Name of the Department	<u>HRS- ECE</u>
Name of the course (B.Tech/M.Tech)	<u>B.Tech - 1 year</u>
Academic Year	<u>2016-2017</u>

Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters.

**Excellent (5)    Very Good (4)    Good (3)    Average (2)    Poor (1)**

S. No.	Statement	1	2	3	4	5
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.					✓
2	The allocation of the credits to the course is appropriate				✓	
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)				✓	
4	The units in the syllabus are properly sequenced				✓	
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems				✓	
6	Relevance of electives to the specialization chosen					✓
7	Rate the electives offered in relation to the technological advancements.					✓
8	Rate the evaluation scheme designed for each of the course.					✓
9	The course material is adequately available					✓
10	Rate the percentage(%) of courses having lab components			✓		
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)			✓		
12	The entire syllabus was covered in the class by the teacher				✓	

Comments/Suggestions if any: Need to get more information about soft skills.

## Faculty Feedback form on Curriculum

This questionnaire is intended to collect information relating to your satisfaction towards the curriculum, teaching, learning and evaluation. Please give your valuable feedback on the curriculum to improve the quality of the programme. Select your ranking on the scale 5 to 1 for each of the following parameters

Excellent (5)

Very Good (4)

Good (3)

Average (2)

Poor (1)

Name of the Faculty: Dr. P. Srichandana

Department: Civil Engineering

Designation: Professor

Experience: 9 1/2 Years.

Academic Year : 2020 - 2021

S. No.	Statement	Excellent	Very Good	Good	Average	Poor
1	Aims and objectives of the syllabi are well defined and clear to teachers and students.		✓			
2	Course content is followed by corresponding reference books/materials		✓			
3	The course has good balance between theory and application	✓				
4	The books prescribed/listed as reference materials are relevant, updated and appropriate.			✓		
5	I have the freedom to adopt new techniques/strategies of teaching to measure the learning outcomes		✓			

Any other comments/Suggestions: — Industry related concepts are required.

**Employers feedback form on Curriculum**

AITs, Kadapa is actively engaged to bridge any gap that may be present between the JNTUA, Ananthapuramu syllabus and the current industry standards. In this effort, we strive to make our students (your employees) 'industry ready' by the time they graduate and thereby, improving the standards of the program. Many graduates of our Department/ Institute are already working in your organization. We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. Your inputs and suggestions are very important to us, which make us serve your needs better. Select your ranking on the scale 5 to 1 for each of the following parameters.

Excellent (5)      Very Good (4)      Good (3)      Average (2)      Poor (1)

Name of the Employer: *Spurthi Dasari*      Position: *Head-HR*

Utukur (Post), Chintakomma Dinne (Village & Mandal), Kadapa (District), A.P – 516003

**Employers feedback form on Curriculum**

AITS, Kadapa is actively engaged to bridge any gap that may be present between the JNTUA, Ananthapuramu syllabus and the current industry standards. In this effort, we strive to make our students (your employees) 'industry ready' by the time they graduate and thereby, improving the standards of the program. Many graduates of our Department/ Institute are already working in your organization. We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. Your inputs and suggestions are very important to us, which make us serve your needs better. Select your ranking on the scale 5 to 1 for each of the following parameters.

**Excellent (5)      Very Good (4)      Good (3)      Average (2)      Poor (1)**

Name of the Employer: Emmanuel Gosula Position: Sr. Resource Development, - manager

Number of Respondents :27

S.No.	Questions	Attainment
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.	82.22
2	The allocation of the credits to the course is appropriate	84.44
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)	82.96
4	The units in the syllabus are properly sequenced	89.63
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems	83.70
6	Relevance of electives to the specialization chosen	84.44
7	Rate the electives offered in relation to the technological advancements.	77.04
8	Rate the evaluation scheme designed for each of the course.	76.30
9	The course material is adequately available	82.22
10	Rate the percentage of courses having lab components	82.22
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)	80.00
12	The entire syllabus was covered in the class by the teacher	79.26

STUDENT FEEDBACK ON CURRICULUM ACADEMIC YEAR 2018-2019

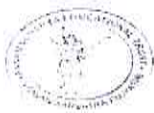

Number of Respondents 20

S.No.	Questions	Attainment
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.	81.00
2	The allocation of the credits to the course is appropriate	82.00
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)	79.00
4	The units in the syllabus are properly sequenced	86.00
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems	91.00
6	Relevance of electives to the specialization chosen	86.00
7	Rate the electives offered in relation to the technological advancements.	88.00
8	Rate the evaluation scheme designed for each of the course.	81.00
9	The course material is adequately available	87.00
10	Rate the percentage of courses having lab components	88.00
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)	85.00
12	The entire syllabus was covered in the class by the teacher	84.00

**FACULTY FEEDBACK ON CURRICULUM ACADEMIC YEAR 2020-2021**

Number of Respondents

14

S. No.	Questions	Attainment
1	Aims and objectives of the syllabi are well defined and clear to teachers and students.	90.00
2	Course content is followed by corresponding reference books/materials	94.29
3	The course has good balance between theory and application	91.43
4	The books prescribed/listed as reference materials are relevant, updated and appropriate.	94.29
5	I have the freedom to adopt new techniques/strategies of teaching to measure the learning outcomes	92.86

### ALUMNI FEEDBACK ON CURRICULUM ACADEMIC YEAR 2016-2017

Number of Respondents

14

S. No.	Questions	Attainment
1	Rate the adequateness of the courses offered in the program	85.71
2	Rate the sufficiency of syllabus content to bridge the gap between academia and industry	87.14
3	Rate the curriculum in relation to your current professional standards	88.57
4	Rate the skills acquired from the curriculum to face the industry challenges/requirements.	92.86
5	Rate the institute's laboratory and equipment adequateness for practical exposure	87.14
6	Rate the offering of electives in relation to technology advancements	90.00
7	Rate the design of the courses in terms of extra learning or self-learning	84.29
8	How do you rate the outcomes the students have achieved from the course?	87.14
9	Rate the competence and support offered by the teachers.	85.71
10	Rate the institute's support and contribution for the overall development of students.	88.57
11	How do you rate the transparency of the evaluation system in the department?	90.00

The feedback taken from the students about the syllabus and curriculum of the college reveals that they are satisfied with the course content, evaluation schemes, quality of teaching, syllabus coverage and materials provided, etc. However some students have opinion that they need some means of interaction with the subject experts, counselors and industrial trainers for the better improvement.

Feed back Obtained	Action Taken
Need to get more information about soft skills.	Conducted special training classes with best trained faculties to enhance the soft skills.
To revise C language, Java & Python Classes.	Extra classes were allotted for the revision of C, Java, Python in the weekend hours by experts.
To improve facilities for competitive examinations.	Book volumes were increased in the library, digital library and trained faculty were provided.
To revise coding like Python, Advanced Mat lab Programming, R programming etc.	Providing more training sessions on coding by industrial experts.
To improve facilities for Placement jobs.	Campus recruitment training cell was established in the campus and CRT classes were conducted for pool recruitment of students (from III –I) by various companies.

## DEPARTMENT OF CIVIL ENGINEERING

Our alumni are valuable for us. They provide us the inputs regarding improvements in facilities and employability to the students. Based on their suggestions the following measures were included :

Feed back Obtained	Action Taken
More practical information rather than theory.	E- classes, E-books and references were provided through digital library
To increase industrial visits for real time experiences and to gain more productivity	Field visits were encouraged every year to the students
To conduct CRT programmes	Implemented CRT programmes from 3 <sup>rd</sup> year of B.Tech
To conduct regular communication skills classes	Advanced English communication skills lab and classes was provided with sophisticated advance version of software
Aware students about the job opportunities.	Conducted more job awareness programs like job fairs, off-campus and on-campus drives.

Date: 12.02.2018

To  
The Registrar,  
JNTUA,  
Anantapur.

Respected Sir,

**Sub: AITK- Kadapa-Request Letter- New Courses to be added in the Curriculum of  
B.Tech - Civil Engineering - Req - Reg .**

We have collected feedback from Stakeholders and they have advised some of the new courses to be included in the revised regulation for the improvement of the students. The courses are:

- i) Include Advanced Python Programming.
- ii) Include Socially Relevant and Skill Development Projects & Topics.
- iii) Auto CAD Lab – Computer Aided Civil Engineering Drawing.

The above listed courses are industry needed and fast-growing technologies. By considering the importance of these technologies, we are pleased to recommend to the JNTUA to include in the B.Tech Civil Engineering curriculum, by this the students will get more knowledge and more opportunities for various jobs.

Thanking you sir ,

With Warm Regards

## DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Our alumni are valuable for us. They provide us the inputs regarding improvements in facilities and employability to the students. Based on their suggestions the following measures were included :

Feed back Obtained	Action Taken
More practical information rather than theory.	E- classes, E-books and references were provided through digital library
To increase industrial visits for real time experiences and to gain more productivity	Field visits were encouraged every year to the students
To conduct CRT programmes	Implemented CRT programmes from 3 <sup>rd</sup> year of B.Tech
To conduct regular communication skills classes	Advanced English communication skills lab and classes was provided with sophisticated advance version of software
Aware students about the job opportunities.	Conducted more job awareness programs like job fairs, off-campus and on-campus drives.

Respected Sir,

**Sub: AITK- Kadapa-Request Letter- New Courses to be added in the Curriculum of  
B.Tech - EEE - Req - Reg .**

We have collected feedback from Stakeholders and they have advised some of the new courses to be included in the revised regulation for the improvement of the students. The courses are:

- i) Application Development with Python Programming.
- ii) Include Soft grid and related Software Topics.
- iii) Include Artificial Intelligence (AI) and Machine Learning (ML) Tools.

The above listed courses are industry needed and fast-growing technologies. By considering the importance of these technologies, we are pleased to recommend to the JNTUA to include in the B.Tech EEE curriculum, by this the students will get more knowledge and more opportunities for various jobs .

Thanking you sir ,

With Warm Regards

STUDENTS FEEDBACK ON CURRICULUM

S.No.	Questions
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.
2	The allocation of the credits to the course is appropriate
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)
4	The units in the syllabus are properly sequenced
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems
6	Relevance of electives to the specialization chosen
7	Rate the electives offered in relation to the technological advancements.
8	Rate the evaluation scheme designed for each of the course.
9	The course material is adequately available
10	Rate the percentage of courses having lab components
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)
12	The entire syllabus was covered in the class by the teacher

## DEPARTMENT OF MECHANICAL ENGINEERING

The feedback taken from the students about the syllabus and curriculum of the college reveals that they are satisfied with the course content, evaluation schemes, quality of teaching, syllabus coverage and materials provided, etc. However some students have opinion that they need some means of interaction with the subject experts, counselors and industrial trainers for the better improvement.

Feed back Obtained	Action Taken
Need to get more information about soft skills.	Conducted special training classes with best trained faculties to enhance the soft skills.
To revise C language, Java & Python Classes.	Extra classes were allotted for the revision of C, Java, Python in the weekend hours by experts.
To improve facilities for competitive examinations.	Book volumes were increased in the library, digital library and trained faculty were provided.
To revise coding like Python, Advanced Mat lab Programming, R programming etc.	Providing more training sessions on coding by industrial experts.
To improve facilities for Placement jobs.	Campus recruitment training cell was established in the campus and CRT classes were conducted for pool recruitment of students (from III –I) by various companies.

JNTUA,  
Anantapur.

Respected Sir,

**Sub: AITK- Kadapa-Request Letter- New Courses to be added in the Curriculum of  
B.Tech - ECE - Req - Reg .**

We have collected feedback from Stakeholders and they have advised some of the new courses to be included in the revised regulation for the improvement of the students. The courses are:

- i) Include Artificial Intelligence (AI) and Machine Learning (ML) Tools,
- ii) Implement The Advanced MAT lab Programming,
- iii) Include Advanced Python Programming.

The above listed courses are industry needed and fast-growing technologies. By considering the importance of these technologies, we are pleased to recommend to the JNTUA to include in the B.Tech ECE curriculum, by this the students will get more knowledge and more opportunities for various jobs .

Thanking you sir ,

### STUDENTS FEEDBACK ON CURRICULUM

S.No.	Questions
1	Rate the syllabus of the course that you have studied in relation to the competencies expected out of the course.
2	The allocation of the credits to the course is appropriate
3	The depth of the course content is adequate in relation to the expected course outcomes(COs)
4	The units in the syllabus are properly sequenced
5	The syllabus enabled to improve my ability to formulate, analyze and solve problems
6	Relevance of electives to the specialization chosen
7	Rate the electives offered in relation to the technological advancements.
8	Rate the evaluation scheme designed for each of the course.
9	The course material is adequately available
10	Rate the percentage of courses having lab components
11	The laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)
12	The entire syllabus was covered in the class by the teacher

The feedback taken from the students about the syllabus and curriculum of the college reveals that they are satisfied with the course content, evaluation schemes, quality of teaching, syllabus coverage and materials provided, etc. However some students have opinion that they need more means of interaction with the subject experts, counselors and industrial trainers for the better improvement.

Feed back Obtained	Action Taken
Need to get more information about soft skills.	Conducted special training classes with best trained faculties to enhance the soft skills.
To revise C language, Java & Python Classes.	Extra classes were allotted for the revision of C, Java, Python in the weekend hours by experts.
To improve facilities for competitive examinations.	Book volumes were increased in the library, digital library and trained faculty were provided.
To revise coding like Python, Advanced Mat lab Programming, R programming etc.	Providing more training sessions on coding by industrial experts.
To improve facilities for Placement jobs.	Campus recruitment training cell was established in the campus and CRT classes were conducted for pool recruitment of students (from III –I) by various companies.

## DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

The feedback taken from the faculty about the syllabus and curriculum of the college reveals that they are satisfied with corresponding reference books, good balance between theory and application. However there is a need of some suggestions from faculty regarding the students requirement for meeting today's technical advancements.

Feed back Obtained	Action Taken
Need to include new software courses like AI, ML, etc.	Conducted workshops for related domains.
Industry related concepts are required	More industrial visits and internship programs for students will be encouraged in future
Advanced topics have to be introduced for future application.	Conducted seminars, guest lecturers and workshops
More faculty development programmes can be included	Encouraging faculty participation in FDP's

## DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Based on the feedback provided by employers of different companies include encouragement of team work, soft skills, creative thinking can be encouraged by the following :

Feed back Obtained	Action Taken
Teach basic technologies in weekends	Additional sessions of lab were provided for better practice.
Include advanced python programme	Included in the current curriculum
Need to include R&D cell for innovation and improvement of creative skills.	Hands on experience was given the students through consultancy program and projects.
Make a part of the team to manage and develop leadership qualities.	Conducting regular sessions of Group Discussions, team assignments, seminars and soft skills training will be provided

## DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Our alumni are valuable for us. They provide us the inputs regarding improvements in facilities and employability to the students. Based on their suggestions the following measures were included :

Feed back Obtained	Action Taken
More practical information rather than theory.	E- classes, E-books and references were provided through digital library
To increase industrial visits for real time experiences and to gain more productivity	Field visits were encouraged every year to the students
To conduct CRT programmes	Implemented CRT programmes from 3 <sup>rd</sup> year of B.Tech
To conduct regular communication skills classes	Advanced English communication skills lab and classes was provided with sophisticated advance version of software
Aware students about the job opportunities.	Conducted more job awareness programs like job fairs, off-campus and on-campus drives.

To  
The Registrar,  
JNTUA,  
Anantapur.

Respected Sir,

**Sub: AITK- Kadapa-Request Letter- New Courses to be added in the Curriculum of  
B.Tech - CSE - Req - Reg .**

We have collected feedback from Stakeholders and they have advised some of the new courses to be included in the revised regulation for the improvement of the students. The courses are:

- i) Include Advanced Python Programming ,
- ii) Include R programming ,
- iii) Advanced C- Programming and Advanced Data Structures.

The above listed courses are industry needed and fast-growing technologies. By considering the importance of these technologies, we are pleased to recommend to the JNTUA to include in the B.Tech CSE curriculum, by this the students will get more knowledge and more opportunities for various jobs .

Thanking you sir ,

With Warm Regards
